Citigroup are acting exclusively for Hambro Perks Acquisition Company and no one else in connection with the Placing and Admission and will not be responsible or liable to anyone other than Hambro Perks Acquisition Company for providing the protections afforded to their respective clients or for providing advice in relation to the Placing and Admission and / or any transaction, arrangements or other matters referred to in this announcement.

Apart from the responsibilities and liabilities, if any, which may be imposed on Citigroup by the Financial Services and Markets Act 2000 or the regulatory regime established thereunder, Citigroup, their respective affiliates and any person acting on their behalf accepts no responsibility whatsoever for the contents of this announcement, including its accuracy, completeness or verification. Citigroup, and their respective affiliates accordingly disclaim all and any liability whether arising in tort, contract or otherwise (save as referred to above) which they might otherwise have in respect of this announcement or its contents otherwise arising in connection herewith.

In connection with the Placing, Citigroup, in its capacity as Stabilisation Manager (the "**Stabilisation Manager**") or any of its agents, may (but will be under no obligation to), to the extent permitted by applicable law and for stabilisation purposes, over-allot Share cum Rights up to a total of 7.1% of the aggregate number of Shares cum Rights sold in the Placing (excluding the Option Units, as defined below) to facilitate stabilisation transactions, if any, with a view to supporting the market price of the Public Shares at a higher level than that which might otherwise prevail in the open market.

Stabilisation transactions may be effected on any securities market, over-the-counter market, stock exchange (including the London Stock Exchange) or otherwise and may be undertaken at any time during the period commencing on the date of the commencement of conditional dealings in the Public Shares on the London Stock Exchange and ending no later than 30 calendar days thereafter (being no later than 25 December 2021). However, there will be no obligation on the Stabilisation Manager to effect stabilising transactions and there is no assurance that stabilising transactions will be undertaken. Such stabilisation, if commenced, may be discontinued at any time without prior notice and must be discontinued within 30 calendar days after the commencement of conditional dealings in the Public Shares. In no event will measures be taken to stabilise the market price of the Public Shares above the placing price of £10.00 (the "**Placing Price**"). Except as required by law or regulation, neither the Stabilisation Manager nor any of its agents intends to disclose the extent of any stabilisation transactions conducted in relation to the Placing.

For the purposes of allowing the Stabilisation Manager to cover short positions resulting from any such over-allotment and/or from sales of Public Shares effected by it during the stabilisation period, the Company has granted the Stabilisation Manager an over-allotment option (the "**Over-allotment Option**"), exercisable in full or in part during the period commencing on the date of the commencement of conditional dealings in the Public Shares on the London Stock Exchange and ending no later than 30 calendar days thereafter (being no later than 25 December 2021), pursuant to which the Stabilisation Manager may require the Company to issue up to 1,000,000 Share cum Rights ("**Option Units**") at the Placing Price, comprising up to 7.1% of the aggregate number of Shares cum Rights sold in the Placing (excluding the Option Units). If the Over-allotment Option is exercised in full by the Stabilisation Manager, the total number of Shares cum Rights offered in the Placing will be 15,000,000 Shares cum Rights.

The Company and the Stabilisation Manager do not make any representation or prediction as to the direction or the magnitude of any effect that the transactions described above may have on the price of the Public Shares or any other securities of the Company. In addition, the Company and the Stabilisation Manager do not make any representation that the Stabilisation Manager will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Information to Distributors

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended (“**MiFID II**”); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures, and (d) in respect of firms which are subject to the requirements of the FCA’s Handbook and the Product Intervention and Product Governance Sourcebook, the relevant provisions of MiFID II as it forms part of UK domestic law by virtue of the EUWA (“**UK MiFID II**”) (limbs (a) – (d) together, the “**MiFID II Product Governance Requirements**”), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any “manufacturer” (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the securities subject to the Placing have been subject to a product approval process, which has determined that such securities are: (i) compatible with an end target market of investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II and UK MiFID II; and (ii) eligible for distribution through all distribution channels to eligible counterparties and professional clients as are permitted by MiFID II and UK MiFID II (the “**Target Market Assessment**”).

Any person subsequently offering, selling or recommending the securities (a “**distributor**”) should take into consideration the manufacturer’s Target Market Assessment; however, a distributor subject to MiFID II Product Governance Requirements is responsible for undertaking its own target market assessment in respect of the Public Shares and Public Warrants (by either adopting or refining the manufacturer’s Target Market Assessment) and determining appropriate distribution channels.

Notwithstanding the Target Market Assessment, distributors should note that: the price of the securities may decline and investors could lose all or part of their investment; the securities offer no guaranteed income and no capital protection; and an investment in the securities is suitable only for investors who (i) do not need a guaranteed income or capital protection, (ii) (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment, and (iii) have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Placing. For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II or UK MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to, the securities.

Warrants Admission

From 6.00 p.m. on the business day prior to the 41st calendar day after conditional dealings in the Public Shares have commenced (currently expected to be 5 January 2022) (the “**Warrants Ex Date**”), the Public Shares in the Company are with (cum) rights in respect of one-half of a Public Warrant. The Public Warrants will not be issued until the 43rd calendar day after conditional dealings in the Public Shares have commenced (currently expected to be 7 January 2022) (the “**Warrants Admission Date**”). Following the Warrants Ex Date, the Public Shares no longer give any right to (part of) a Public Warrant and the Public Shares and Public Warrants will trade separately from the Warrants Admission Date.

Public Shareholders as at 6.00 p.m. on the 42nd calendar day after conditional dealings in the Public Shares have commenced, being the trading day immediately prior to the Warrants Admission Date (currently expected to be 6 January 2022) (the “**Warrants Record Date**”), will be entitled to automatically receive at 8.00 a.m. on the Warrants Admission Date one-half of a Public Warrant for each Public Share held at 6.00 p.m. on the Warrants Record Date. Only Public Shareholders as at 6.00 p.m. on the Warrants Record Date will be entitled to automatically receive the Public Warrants and, accordingly, any person who disposes of their Public Shares prior to the Warrants Record Date or acquires their Public Shares after the Warrants Record Date will have no automatic right to receive any Public Warrants.

Unless the parties agree otherwise, a buyer of Public Shares assumes the benefit of the (part of) a Public Warrant when trading ahead of the Warrants Ex Date and the selling party would need to pass the benefit on to the buyer if the seller is still the recorded owner at the Warrants Record Date. Likewise a seller of Public Shares retains the benefit of the (part of) a Public Warrant if execution takes place on the Warrants Ex Date or later. If the buyer is already the registered owner at Warrants Record Date it would in turn would need to pass the benefit back to the seller.
